## Education

**Rochester Institute of Technology**  
*Bachelor of Science in Human-Centered Computing*  
*Minor in Web Development Minor*

**Relevant Course:** Web & Mobile II, Java II, Digital Design in Communication, Public Speaking

**Rochester, NY**  
**Anticipated Graduation May 2020**

## Projects

### Java Mini Project

**Fall of 2017**

With a fellow student develop a grid-based board game using java GU interface which we called Bombi which is essentially a two-player minesweeper game where the player who makes to the end without landing on a bomb wins.

### Skinny Britches

**Fall of 2017**

With a team of 6, we worked up a design document for a site that can be used as a reference for multiple text editors.

### Shoe-Levator

**2015**

Shoe-Levator is a legacy project that was designed for women with cerebral palsy and other mobility restraining problems to help her become more independent and rely on her assistant our causing her more stress, by helping her put on her shoe. (<https://goo.gl/yUPOvF>)

### Speak-Ez

**2016**

Speak-EZ is legacy projects that were intended to bridge the gap between deaf/hard of hearing and does who not. It was meant for those moments when a deaf individual is lost and needs help getting locations or general info without the awkwardness. (<https://goo.gl/E6U7Jm>)

## Employment

### The Crossroads

**Rochester, NY**
